EXHIBIT 99.1

Flight Options LLC Investors Complete Financial Recapitalization Agreement

LEXINGTON, Mass., (June 13, 2003) - Raytheon Company's (NYSE: RTN) wholly owned subsidiary, Raytheon Travel Air, and the other investors in Flight Options LLC have completed a financial recapitalization agreement that results in Raytheon owning approximately a 65 percent interest in Flight Options LLC.

As part of the recapitalization agreement, Raytheon exchanged certain Flight Options LLC debt it holds for equity. Raytheon also has committed to invest certain additional capital on an as needed basis over the next 18 months in Flight Options LLC and provide secured aircraft and retail financing over the next three years. As a result of this transaction, Raytheon will begin to consolidate Flight Options LLC's financial results and reduce its reported aircraft backlog by approximately \$850 million as previously disclosed. Raytheon does not expect this agreement to have a material effect on the company's financial position or results from operations in 2003.

"Raytheon is pleased to participate in the recapitalization of Flight Options," said Ed Pliner, Raytheon's chief financial officer. "We believe this recapitalization will provide Flight Options with the resources to achieve its business objectives."

"Raytheon's investment will allow Flight Options to grow and continue to exceed our customer's expectations for safety, service and value," said John Nahill, chief executive officer of Flight Options LLC. "With this transaction complete, we look forward to introducing new products and programs for our owners, which will continue our tradition of bringing innovative and value oriented products to the marketplace."

Other Flight Options LLC shareholders include Brantley Partners, Brantley Capital and Monitor Clipper Equity Partners.

Raytheon Company, with 2002 sales of \$16.8 billion, is an industry leader in defense, government and commercial electronics, space, information technology, technical services, and business and special mission aircraft. With headquarters in Lexington, Mass., Raytheon employs more than 76,000 people worldwide.
